

# Skate the Lake 2019

February 16 + 17, 2019

## Work Requirements per Shift:

Area	# of Workers
Bar ( <i>must be 18</i> ) (inside)	2
Kitchen (inside)	3
Water boy to help with flooding truck (outside)	1
Ice maintenance and cleaning (outside)	6
Game Scorekeepers (outside)	6
<b>TOTAL</b>	<b>18</b>

### Help Wanted:

volunteer organizer  
 contact Tanis Barrett if you are interested in working with our minor hockey teams to fill the volunteer requirements for each shift – tbarrett@rrsd.mb.ca

If you have a child on more than 1 team and cannot make both shifts please work with the teams' managers to figure out where you are most needed.

You will notice on the schedule, all shifts have at least a 15 minute overlap. This is so that the team that is there ahead of you can assist you with any questions you may have. It also allows the previous team to stock up as necessary.

It would be helpful if workers knew what area they were going to be working in before they arrived at the site. Past experience has shown that having a trade-off between inside and outside jobs during a team shift makes for a better Skate the Lake experience for all participants.

## TENT setup on Friday Feb. 15

If you are available during the day on Fri. Feb. 17 help is needed to setup the large warmup tent. Hot lunch will be provided during tent setup. Please let Tanis Barrett know if you can pitch in. tbarrett@rrsd.mb.ca

**If teams are going to be unable to meet the volunteer #'s required to fill a shift priority will be given to filling the outside jobs first.**
